Continuation of 1(c) Other: The proposed amendment to the paragraph at page 8, line 1 does not correspond to the text at page 8, line 1.

Additionally it is noted that the last paragraphs added to claims 1 and 5 respectively appear to introduce new matter since as originally filed the elastic members 9 collectively or elastic members 61 collectively or both collectively include elastic members arranged in a width direction in portion(s) of the diaper in which it is now claimed that no elastic members are arranged in the width direction and each of the elastic members 9 has ends which extend and are arranged in the extended position in the width direction in portion(s) of the diaper in which it is now claimed that no elastic members are arranged in the width direction. Note also the direction and locations of the ends of the leg elastic members as claimed in claims 4 and 8 also.
